

VTK-BS

Stroke plate according to VDI 3357, bronze with solid lubricant

Product description:

Stroke plate according to VDI 3357, bronze with solid lubricant

Article properties:

Sliding speed v	30 m/min
Base Material	Special Brass (SO#50SP2)
Self-lubricating	Yes
Lubricant	Graphite
Surface Pressure P	100 N/mm ²
P*v-value	200 N/mm ² x m/min
Operating temperature	-50°C / +200°C (max. 300°C)
Friction coefficient	0,07

Variants:

Articlenumber	Article name	Width W	Length L	Height H	Angle a	I1	I2	I3	M (ISO 4762)
